FIRST IMPRESSIONS

- Chatham 3755 is designed to complement the historic preservation of Steveston and add to the village charm
- The architecture has been designed to invoke the look and feel of historic exteriors using modern materials. The façade is modulated into four distinct sections to imply the historic lot lines of the property and mimic the heritage buildings throughout the Village.
- 16 Boutique homes situated above street-level retail and commercial space, designed by award-winning developer Tien Sher, and architect Interface Architecture Inc.
- Spaces that fit your lifestyle! Choose from a range of 2 bedroom to 3 bedroom + den floor plans
- Balconies expand your living space to the outdoors, bringing beautiful village or mountain views closer to you
- Exteriors are finished with durable HardiePlank®, HardiePanel®, accented with wood deck railings, and trimmed with board and batten and shake details

- Host your next party or family get-together by taking advantage of the rooftop deck with expansive lounge area, artificial turf, gas barbecue hookup, plus sweeping views of the Fraser River and North Shore mountains. It's the perfect place for entertaining!
- Secure street-level parkade with accommodations for electric vehicles in every homeowner's parking stall
- Convenient visitor parking and secure bicycle storage lockers
